

\$100 off Going Physical Free Seminar

Expires 9/30/10

This 1-day seminar will teach you how to:

1. Define inventory record accuracy in terms of benefits and costs that are important for your organization.
2. Establish an effective cycle counting process that will improve inventory record accuracy by finding and fixing the root causes that lead to poor performance.
3. Build a business case and implementation plan to eliminate physical inventories.
